Dalton Pre-School Nursery

Whistle blowing Policy

Professional disagreement/escalation process

- If a member of staff at Dalton Pre-School Nursery disagrees with a decision made by the designated safeguarding lead not to make a referral to social care they must initially discuss and try to resolve, it with them.
- If the disagreement cannot be resolved with the designated safeguarding lead and the member of staff continues to feel a safeguarding referral is required, then they discuss this with the designated Lead (Management)
- If issues cannot be resolved the whistle-blowing policy should be used, as set out below.
- Supervision sessions are also used to discuss concerns, but this must not delay making safeguarding referrals.

Whistleblowing

Dalton Pre-School Nursery will ensure that all staff are familiar with the whistleblowing procedure

The whistle blowing procedure must be followed in the first instance if:

- a criminal offence has been committed, is being committed or is likely to be committed
- a person has failed, is failing or is likely to fail to comply with any legal obligation to which he or she is subject. This includes non-compliance with policies and procedures, breaches of EYFS and/or registration requirements
- an injustice has occurred, is occurring or is likely to occur
- the health and safety of any individual has been, is being or is likely to be endangered
- the working environment has been, is being or is likely to be damaged
- that information tending to show any matter falling within any one of the preceding clauses has been, is being or is likely to be deliberately concealed

There are 3 stages to raising concerns as follows:

1. If staff wish to raise or discuss any issues which might fall into the above categories, they should normally raise this issue with their manager/designated safeguarding leads.
2. Staff who are unable to raise the issue with their manager/designated safeguarding leads should raise the issue with their line manager's manager.
3. If staff are still concerned after the investigation, or the matter is so serious that they cannot discuss it with a line manager, they should raise the matter with Chair Person David Ohara.

After a concern has been raised, the manager/line manager will decide how to respond in a reasonable and appropriate manner. Normally this will involve making internal enquires first, but it may be necessary to carry out an investigation.

Whilst it is hoped that such disclosures will never be necessary, the setting management recognises that it may find itself in circumstances which are new to it. Each case will be treated on its own merits.

Managers' responsibilities

Managers/line managers notified of concerns under this policy are expected to:

- ensure that all staff and volunteers are familiar with the policy
- ensure that concerns raised are taken seriously;

• treat the matter in confidence, within the parameters of the case;

• where appropriate, investigate properly and make an objective assessment of the concern;

• keep the person raising the concern updated with progress, without breaching confidentiality;

• ensure that the action necessary to resolve a concern is taken;

• take appropriate steps to ensure that the employee's working environment and/or working relationship is/are not prejudiced by the fact of disclosure.

If an issue cannot be resolved and the member of staff believes a child remains at risk because the setting or the local authority have not responded appropriately, the NSPCC have introduced a whistle-blowing helpline 0800 028 0285 for professionals who believe that:

- their own or another employer will cover up the concern
- they will be treated unfairly by their own employer for complaining

- if they have already told their own employer and they have not responded

Dalton Pre School Nursery will ensure that all staff are aware of the NSPCC whistle blowing helpline
